**FENCE TRAINING SCHOOL APPLICATION**

February 11-15, 2024

**Important Notes, Addresses, and Policies:**

**WHERE:** Hotel/Reception Address - 3101 Golfview Rd, Sebring, FL 33870

**TRAVEL:** Travel plans to attend should not be made until confirmation email has been received from NAFCA Fence Training School [FTS] Chairman Mart Prost or NAFCA Director Clint Iams.

**BRING:** The participant(s) are expected to bring: work boots, rain gear, gloves, safety glasses, hearing protection, pliers, tape measure, small level, camera, and company sign. Students can expect detailed instructions from NAFCA upon arrival of registration.

**HOTEL:** Registration fee is for single occupancy. Double occupancy (two people per room) room assignments will be available if preferred.

**CANCELATIONS:** Refund of fees, less \$100 administrative fee, will be made only if vacated space in class is filled.

**INSURANCE:** All participants are physically fit and have no medical problems. We hereby release and hold harmless NAFCA and all its agents from any and all liability in connection with our employee's participation in this school. We warrant that our employee(s) are properly covered by our own workers compensation insurance.

**SOLICITATION:** I understand that any type of employee solicitation is strictly prohibited, will not be tolerated, is cause for immediate dismissal from the school without any refund or other recourse, and can be full cause and justification for consideration of expulsion from membership in the North American Fence Contractors Association.

**Student In Class Expectations:**

1. All students to arrive by Sunday evening by 7:00 pm for reception and schedules of FTS.
2. Everyone is expected to attend Thursday evening graduation dinner and presentations; it is Thursday at 6:00 pm and will conclude around 9:00 pm.
3. Please bring a business casual attire for the graduation dinner; we are elevating the industry.
4. Please do not make travel plans that conflict with the above start/stop times.
5. Sunday evening we will review school policies and select group leader.
6. Group leader will be contact person for group schedules and movement between classes.
7. Bring all your gear and personal items required for each day when leaving hotel. No returning to hotel until evening or as instructed.
8. Check weather forecast for each day.
9. Each team will be responsible a safety talk during each lunch. Everyone must attend.
10. Each student is issued a hard hat which is to be returned after last class on Thursday. Failure to return hard hat will result in you being charged for replacement.
11. In class listen and learn. Take pictures/notes to remember new tools or procedures.
12. No cell phone conversations/texting during class; only on breaks or lunch.
13. Smoking is only permitted during breaks; no smoking during class/meetings.
14. No drugs will be tolerated at any time. Further, no mid day drinking alcohol is allowed.
15. No swearing when on project; many golfers or children in park could be present. Remember, you represent the fence industry, NAFCA, and your company.
16. Respect other hotel guests at all times . Keep meetings to meeting room. Midnight curfew is expected.
17. NAFCA is not responsible for any personal charges for services on your hotel bill.
18. With the addition of the large scale capstone project, the class schedule is subject to change in order to ensure all essential projects are completed prior to FTS end. We will make every effort to ensure all classes receive equal time in class/discipline.

**2024 Projects**

<b>Class</b>	<b>Project Description</b>
Ornamental Aluminum	This discipline will be taught as part of the Capstone project below.
Chainlink	70' of 6' high chain link fence with access gate.
Welding	Shop class building for chainlink and frame for wood gate
Gate Operators	Service four gate operators with various requirements as well as install new operator.
Farm and Ranch	Construct several sections of coated high tensile fence with a hydraulic pounder.
Wood	50' of 6' high dog ear solid fence with 5' gate.
PVC	Repair 6' high vinyl fence damaged by the hurricane. Install 60' of new fence.
Blueprints	Review basics of reviewing blueprints and generating materials required
Capstone	Install 650' of 4' Ornamental Aluminum utilizing both traditional and no dig methods. Additionally, project will include installation of several gates. Project will be completed start to finish in one day with FTS students.

**Miscellaneous Information**

Each and every fence and project completed at FTS is a real word application, permanent installation. Simply stated, there is not another school providing this level of real world installations by instructors with this level of experience.

Various installation methods are used in each of the classes in order to provide insight and understanding on the best practices utilized around the country by industry professionals with a combined 450+ years experience.

School student count is capped at 28 and is on a first come, first serve basis. Register soon to ensure your place.
